## STONE BY STONE

**■ MICK JAGGER**  
Vocals and harmonica, born Dartford, Kent; age 19; Mick is in his second year at the London School of Economics, but has no idea of economics himself. Likes money and spends it like water. Likes Chinese food, clothes, The Rolling Stones, Bo Diddley, and life in general. Underneath that mousey mop of hair lie two big blue eyes. Has been with the group from its birth.

**■ KEITH RICHARD**  
Guitar. Black haired Keith was born in Dartford 19 years ago; worked in a post office. Has one romance in his life - his guitar! Would like a house-boat on the Thames; collects Chuck Berry and Jimmy Reed records.

**■ BRIAN JONES**  
Vocals/guitar and harmonica; born in Cheltenham, moved to London two years ago. Age 19. Blonde-haired Brian smokes 60 cigarettes a day and has packed a lot of different jobs into his 19 years including coal lorry driving; assistant in an architect's office; playing in a jazz band and a year's hitch-hiking on the Continent. Fascinated by the railways; wants to be President of the Dr. Beeching Fan Club.

**■ CHARLIE WATTS**  
Drums. 21-year-old Charlie is the "Beau Brummell" of the group. Has over 100 pocket handkerchiefs. "Charlie Boy", as he is called, lives in Wembley, has spent the last year between an advertising agency and The Rolling Stones.

**■ BILL WYMAN**  
Bass guitar/vocals. Hollow cheeked Bill is 21 and is often called "The Ghost" due to his pale complexion. Interested in poetry; books; food. Another Chuck Berry fan, Bill has dark hair and hails from Beckenham, Kent.
